PROFILE

Motivated and technically minded professional currently pursuing a BSc (Hons) in Cyber Security at The Open University, with hands-on experience in networking, programming, IT troubleshooting and security fundamentals. Through academic projects and independent learning, I have developed practical skills in Python, Linux, SQL, Cisco networking and web development, including network configuration, troubleshooting and automation. Alongside my technical background, I bring over five years of management experience, with strong communication, problem-solving and organisational skills developed in fast-paced environments. I am now looking to build a career in IT, combining my technical knowledge and professional experience while continuing to learn and develop.

TECHNICAL SKILLS

- Networking: Cisco IOS, LAN configuration, VLANs, routing, network security
- Security: SIEM tools, incident detection and response, log analysis, vulnerability management concepts
- Programming and systems: Python, SQL, Linux, HTML, CSS, JavaScript
- Professional strengths: customer support, incident prioritisation, documentation, team leadership

PRACTICAL CYBER SECURITY EXPERIENCE

Cyber Security Student | The Open University / Cisco Networking Academy / Google | Apr 2023–Present

- Used Python in coursework to parse logs and identify patterns.
- Practised Cisco device configuration, VLANs, routing and LAN security in networking labs.
- Studied threat identification, incident response, SIEM workflows and network security through structured coursework.

PROFESSIONAL EXPERIENCE

Assistant Manager | Pizza Pilgrims, King's Cross, London | Oct 2025–Present

- Manage and support a team of 15+ employees, providing training, guidance and ongoing performance feedback.
- Identify operational issues, prioritise solutions and maintain business continuity during high-pressure periods.
- Maintain accurate operational records and ensure compliance with company policies, health and safety requirements.

Deputy Manager | Fullers (Turner & Smith), King's Cross, London | Nov 2024–Oct 2025

- Managed daily operations in a high-volume hospitality environment, coordinating over 70 employees across multiple departments.
- Played a key role in coordinating a £1 million refurbishment project, working with contractors and internal stakeholders to minimize operational disruption.
- Oversaw operational compliance, financial controls and internal procedures, ensuring accuracy and adherence to company standards.
- Resolved complex operational and customer issues, demonstrating strong analytical thinking, prioritization and decision-making.
- Supported employee training and development, promoting effective communication and consistent operational standards.

House Manager | The Breakfast Club, Soho, London | Aug 2022–Nov 2024

- Managed daily operations and supervised a team of 15 employees, ensuring efficient coordination and consistent service delivery.
- Oversaw staff scheduling, training and performance management, maintain accurate records and operational documentation.
- Acted as a primary point of contact for customer escalations, investigating issues and implementing appropriate resolutions.
- Identified opportunities to improve internal processes and workflows to enhance efficiency and service quality.

Earlier roles: Assistant Manager, Greene King (2021–2022); Franco Manca (2020–2021); Supervisor, Jamie Oliver Gatwick (2019–2020).

EDUCATION

BSc (Hons) Cyber Security | The Open University | 2023– Present

Completed study includes Cisco Networking (CCNA Parts 1 & 2), Web Technologies (Distinction), Communication & Information Technologies, Cyber Security and Information Security.

CERTIFICATIONS & TRAINING

- Cisco DevNet Associate — Cisco Networking Academy | May 2026
- CCNA: Switching, Routing & Wireless Essentials — Cisco Networking Academy | May 2025
- CCNA: Introduction to Networks — Cisco Networking Academy | Jan 2025
- Google Cybersecurity Certificate — Google / Coursera | Aug 2024
- Networking Essentials — Cisco Networking Academy | Dec 2023
- Web Development (HTML5) and CSS for Web Development — openEDG | 2024
